

4/3/24

Scribe: Tahn Jandai

Notes:

- Create feature branches for the feature you are working on
- Main branch should have running code
- Reach out during office hours if there are any questions or concerns
- Mood insert textbox can have multiple input types. Text and dropdown but should only be one story. Combine to user input.
- Merge recommendations tab in stories
- Tahn
 - footer
 - Generate results button
- Prachi
 - Work on user input with Ramio
- Maragite
 - Recommendations tab
- Ramio
 - Work on user input with Prachi
- Connor
 - Spotify API
 - Logout
- Robby
 - Nav bar
 - Link to user profile and general design of user profile
- Todo before next meeting
 - Show spotify stats
 - Each page made with rudimentary functionalities
 - Nav bar, footer, input fields and buttons

Minutes: 7:03 - 7:18
